## FLOWER SEEDS

FOR

Nurserymen, Bedding Plant Specialists  
and Commercial Flower Growers

The following symbols are used in connection with every item listed:

A—ANNUAL.....Plants that live and bloom only one season  
B—BIENNIAL.....Plants that live two seasons, often blooming only the second year  
P—PERENNIAL.....Plants tending to live from year to year  
C—CLIMBER.....Plants requiring other objects for support  
R—ROCK GARDEN PLANTS. Low growing perennials for permanent rock gardens  
h—HARDY.....Plants resistant to average seasonal extremes of low temperature  
hh—HALF-HARDY.....Plants which will not stand extremes of low temperatures unless protected  
t—TENDER.....Plants which will not stand frost and sometimes extremes of heat

NOTE:—Many Perennials can be treated as Annuals in certain sections of California and in these sections many Annuals should be sown in the fall in order to obtain best results.

## Wholesale Flower Seed Price List

For the convenience of our customers we give herewith a color classification in the Early Flowering Sweet Pea section and in the Summer Flowering Sweet Pea section. This chart should prove useful when customers require specific colors. We also give what we consider to be the twelve best Sweet Peas in each section. Our Sweet Pea trials are the most extensive in the world and we feel that our twelve best varieties represent the cream of modern Sweet Peas.
